

## Parking for the Town Hall

Leamington Spa has a strict street parking policy. There are a number of free spaces available, some unlimited and some restricted to two hours. There are also a number of paid-for car parks as well as some metered on-street parking.

We have been given permission by Warwick District Council to reproduce there guide to parking in Leamington Spa The green areas on the map show where there is on-street parking, and the car parks are numbered P1, P2 etc and are white letters on a blue background. The Town Hall is marked on this map as well.
