

THE WELL TRAINING COURSE

Since The Well began we have offered Training Courses at regular intervals. Prayer Teams are vitally important to us; without them the Well cannot operate. We invest time in training our teams and want others to benefit. We believe very strongly that God calls us to pass on to others what He is showing and teaching us.

WHO IS IT FOR?

The course is for anyone who has a heart to see God's healing power at work in people's lives. This course is especially suitable for:

- ◆ Those who are currently on a healing prayer team but want encouragement and further training
- ◆ Church leaders who want to start a healing ministry in their church. The course would be good for them, as well as potential team members
- ◆ Youth leaders who might bring their group to the course so their young people learn how to pray with others in school, or college
- ◆ Those who want to join The Well's Prayer Team (An application process would follow the course)

When we started this course we had to rely heavily on the encouraging ministry stories of others to demonstrate how God heals today. With over 12 years of ministry experience, The Well is now privileged to have many of its own encouraging testimonies of what God has done through our prayer sessions. We want to pass on what we are seeing and learning about God's healing power so that many more are encouraged to ask for and receive God for wonderful healing.

We are very grateful to St Mark's Church, Holbrook, Horsham for hosting and sponsoring this course.

COURSE OVERVIEW

The course will be led by Rev Anne Hibbert, Director of The Well and some of her Prayer Team. The Course aims to give a biblical framework for healing prayer. Each part of the training course will be a mixture of teaching, Bible input, the theory and principles of prayer, practical demonstrations and plenty of hands-on experience!

The course will cover:

- ◆ Jesus and His Healing Ministry
- ◆ Jesus' mandate to us
- ◆ How to pray for those needing healing
- ◆ The power of the Cross and how to use it practically when praying
- ◆ Learning to receive prophetic words and pictures to encourage others
- ◆ Blockages to healing prayer, especially looking at unforgiveness
- ◆ How to pray for various conditions
- ◆ Personal preparation before praying

Some material is covered at more depth than others and on a short course like this there is always a balance between what we have time for and what needs to be covered.

Every delegate will receive a training manual which will accompany the course.

We regularly run Healing Training Courses so that we can pass on what we are learning. In April 2016 we led a course hosted by the Revd Martin King, Vicar of Holy Trinity Church Rugwick, Horsham. Here is what he said about our course.

“The Travelling Well’s Healing Training course was excellent. The team were knowledgeable and experienced, gently leading us deeper and deeper, encouraging everyone they could do it as they took us further out of our comfort zone. It was a very significant couple of days for our Church. I am so grateful to Anne and her team. The Lord was so clearly and powerfully at work that people wouldn’t stop praying! They were praying for each other even over lunch. It has released our Prayer Ministry Team in greater confidence in praying for healing. Eight months on, people’s lives have been changed by the healing they received over that weekend. I highly recommend this Healing Training course!”

This was a testimony that we received from a delegate on the course:

“I’ve had a chronic back condition for around 32 years. I’ve never fought it or felt frustrated or angry about it. I just feel grateful for all the things that I can do. At the healing day, two ladies and a teenage boy prayed for my back to ease and heal. After a short while I was asked how it felt and I explained there was no change. They continued praying. After a few minutes I realised that I could stand up straighter and I could stand equally on both feet, something I can never do. I just felt lighter, freer and the pain had subsided.”
