“I first visited The Well a few weeks after my husband and I had experienced a miscarriage at our 12 week scan. At the time I was struggling with an overwhelming feeling of sadness and anxiety. I remember my husband suggesting that I went along to The Well for prayer. At first the thought terrified me as I wasn't sure if I could cope with talking to someone I hadn't met before about the painful loss we had just experienced.

But on my arrival at The Well I was made to feel very welcome and soon felt at ease. I spent a considerable amount of time talking about what had happened and it wasn't long before I found myself releasing all the emotions that I had captivated inside (the box of tissues came in very handy at this point!). The ladies took time to pray for me and encouraged me to commit our lost child to God. They also prayed a prayer of blessing for a future family. It was during this prayer session that I felt a sense of release. I went away feeling more at peace and glad that I had taken the time to pray with others and to commit the loss to God.

A year on, that prayer of blessing has been answered. We now have the amazing gift of a precious son who was born exactly a year to the time we experienced our loss. We can now look back and see how God used that time not only to draw us closer to Him but to trust Him for His plan for our lives.”

“I was devastated when I miscarried my baby. A week later, at my mum's suggestion, I went to The Well. They were caring and sensitive and helped me to unburden my grief. They prayed for me to be able to move on, and for my womb to be fruitful—since then, I've had three beautiful children.”

The loss of a baby during pregnancy

Healing prayer following
Miscarriage
Stillbirth

Ending a pregnancy
for medical reasons

“The Lord is close to the broken-hearted and saves those who are crushed in spirit.”
Psalm 34:18

Pregnancy is often a time of joy, but sadly for some of us it ends in the loss of a much wanted baby. We are so sorry if you have experienced a miscarriage or stillbirth, or your pregnancy ended for medical reasons.

At The Well we have experience of praying for those who have lost a baby during their pregnancy, and understand how difficult it can be. We have prayed for women and also for couples.

We are here to listen to your story, to pray for you and to support you in your loss. Our Heavenly Father knows you, and He wants to heal you and restore your hope for the future. The peaceful environment of The Well is a place where you can rest in Father-God’s love and receive His healing and peace.

Who is this for?

The Well prayer team is here to pray for any individual or couple who would like prayer following the loss of a baby during pregnancy.

We are here to pray for you if you lost your baby recently and you are grieving deeply.

We are here to pray if your loss was many years ago, and you feel the pain of that time has not been resolved.

We are also here to pray for you if you were faced with the agonising decision to end your pregnancy for medical reasons.
